NOTE

JPRS publications contain information primarily from foreign newspapers, periodicals and books, but also from news agency transmissions and broadcasts. Materials from foreign-language sources are translated; those from English-language sources are transcribed or reprinted, with the original phrasing and other characteristics retained.

Headlines, editorial reports, and material enclosed in brackets [] are supplied by JPRS. Processing indicators such as [Text] or [Excerpt] in the first line of each item, or following the last line of a brief, indicate how the original information was processed. Where no processing indicator is given, the information was summarized or extracted.

Unfamiliar names rendered phonetically or transliterated are enclosed in parentheses. Words or names preceded by a question mark and enclosed in parentheses were not clear in the original but have been supplied as appropriate in context. Other unattributed parenthetical notes within the body of an item originate with the source. Times within items are as given by source.

The contents of this publication in no way represent the policies, views or attitudes of the U.S. Government.

FOREWORD

This directory lists the JPRS nonserial publications issued in 1979. In contrast to the JPRS serial publications, the JPRS nonserial publications are usually translations of monographs or reference aids in all fields and areas and are issued under their own title.

A serial publication entitled TRANSLATIONS ON USSR SCIENCE AND TECHNOLOGY, with subtitles BIOMEDICAL AND BEHAVIORAL SCIENCES and PHYSICAL SCIENCES AND TECHNOLOGY was established to facilitate the handling of nonserial articles. Translations of books and large monographs will continue to be published as nonserial reports.

Each entry of the directory shows the JPRS number, date of JPRS publication, the translated title of the original text, and the full source information as printed in the JPRS publication. Copyrighted, FOUO reports are designated by "L/" preceding a four digit number.

The JPRS nonserial publications are announced in the semimonthly NTIS Government Reports Announcements (GRA) under the appropriate COSATI subject category.
